

FCC, Docket 02-277

Please do NOT do this.

Major business owning MORE market share WILL stifle local personalization of the airwaves, and disrupt more jobs in a Nation in need of them as large companies condense operations and de-localize services.

Held in TRUST by the FCC is our national spectrum for the American People - don't abandon US for additional business PROFITS. The FCC has done many good things; this would NOT be one of them.

Thank-you, W
